2021-2022 Swim Season

Welcome

Welcome to all new and returning members of Water Ratz for the 2021-22 season. The Wellers Hill State School Amateur Swimming Club is a community-based club that has been operating for over 50 years. This swimming club aims to bring students together to socialize and swim in a friendly and supportive environment to develop social and competitive swimming skills.

Friday night swim club provides the perfect opportunity to socialize with friends and then swim against them in the pool! Over the club's history, we have seen the development of many competent and confident swimmers and look forward to seeing many more children gain these skills. All swimming abilities are welcome.

The running of a successful Friday night season depends heavily upon the involvement and enthusiasm of the parents. We are always in need of parents to time-keep, help in the canteen and with the BBQ. Please consider volunteering on a Friday night to support your children and meet other parents.

Please feel free to see any of the committee members with feedback or suggestions. We look forward to having a fun-filled Friday night season!

Nominations

Half Lap Events

Nominations are not required for half lap events. Our half lap events are run every Club Night for those swimmers not at the stage to complete a minimum 25m swim. These are conducted as a relay with older swimmers helping. The new swimmers swim to the middle of the pool with an older swimmer completing the lap in the deep end and the new swimmer returning to the shallow end. This provides our younger swimmers a safe environment in preparation for their progression to completing a full lap. Swimmers go to the shallow end of the pool when the race announcer calls for swimmers for the half lap events.

Nominate On-Line Each Week For Races

Swimmers must nominate for the events they want to race in.

Nominations for club nights are taken on-line via the club website www.wellersratz.com/nominate or via the link on Facebook.

On-line nominations close at 5 pm on Friday.

It is preferable that swimmers nominate on-line to ensure races start on time on Club nights.

Nominations can also be made direct to the computer operator on club nights from approximately 5.45 pm and close promptly at 6.10 pm to enable a 6.30 pm start.

Program

Club nights are run on Friday nights during Term 4 and Term 1 with swimming starting at 6:30 pm. The season concludes with the Club Championships in March.

Four events are held each club night as per the below program. Swimmers must reach qualifying times before moving from 25m to 50m and to be eligible to swim in the 100m or 200m events (refer QUALIFICATION TIMES).

Volunteers

To run successful club nights, we rely on help from all families. Please remember that the Swimming Club is run by parents just like you and most Committee members have regular jobs just like you. Volunteering not only assists in a smooth night but is also a great way to get to know other families. We thank you in advance for helping your children and the club.

Below is a list of the positions that need filling each club night. We expect each family to volunteer for at least 2 shifts in each term.

Function	Qty Required	Method
Marshalls	2	Rostered
Race Caller	1	Rostered
Time Keepers	6	Volunteer on the night
BBQ	3	Rostered
Canteen	2	Rostered

Marshalling

Marshalling can be a challenging job. Please assist by keeping track of the events during the night. Events will be announced throughout the night asking for swimmers to go to the marshalling area. All parents can help this key aspect of the club night by making sure your child is ready with cap on and goggles in hand. Please remind your child that they need to be quiet in the marshalling area, listen for their name and follow directions.

Wet Weather

In the event of bad weather, a Club Night may be cancelled. Updates will be placed on our Facebook page by 5 pm.

We do not allow any races to proceed during lightning storms. Should we have a storm after Club Night has commenced, swimmers will not be allowed into the pool and a decision will be made by the Committee on whether to continue or cancel the night.

Club Night Results

All swim times are recorded for each swimmer. These times are used to allocate points toward the Aggregates Points Champion within each age group. Results of times are made available on Facebook and website in the following week.

Supporting Your Child

Although we do focus on each swimmer achieving their personal best, it is not possible for this to happen every time a swimmer hits the water. We encourage the children to swim hard and try their best but Club Nights are held at the end of what is sometimes a long week for our children (and parents!) and swim times may vary considerably from week to week. Our job as parents is to encourage and support our young swimmers so we suggest focussing on encouraging the good aspects of each race rather than the time and outright position. The dive, high elbows, good stretch and strong finish are some of things you can focus positive encouragement towards in each race.

Make Some Noise!

We encourage you to make the atmosphere fun & exciting for the children. Get close to the pool, yell, cheer, and shout encouragement.

Smile!

Your child is involved in one of the healthiest activities available to them (physically and mentally). Just getting in and competing and enjoying swimming with others is enough to be happy about. If you are relaxed, your child will be relaxed and enjoy swimming that little bit more.

Also remember that the swimming club is a friendly, social environment where your children get a lot more development than just swimming. They get to socialise with other children and grow friendships, learn how parents and adults socialise and learn that volunteers are needed to help run these social and sporting events. Swimming Club provides the opportunity for children to develop physically, mentally and socially.

Referee

The Referee shall have full control and authority over all officials and swimmers and enforce all rules, as recommended by Queensland Swimming.

1. When the referee blows the whistle there will be complete quiet from swimmers and spectators.
2. The whistle will indicate that the race is ready to start and for the competitors to step up onto the block. They are now in the hands of the starter.

***Note:** The referee will blow the whistle twice for backstroke,*

- *the first indicates that swimmers should enter the water,*
- *the second is the signal to approach the 'blocks'.*

3. No swimmer is to leave the water until instructed by the Referee.

STARTING Sequence

1. Stand behind allocated block
2. Referee blows whistle
 - Step on to block (or enter water for backstroke)
3. Starter announces race e.g. 50 m freestyle
4. Starter says “take your mark”
 - Stay still on the block
 - Prepare to dive
5. Start signal e.g. Buzzer sounds
 - Dive

For 25m swimmers the following “two start” procedure applies:

1. In the event of a false start, the starter shall recall the competitors by a second buzzer or a second blast of the whistle and the dropping of the false start rope.
2. At the first false start the referees shall remind the offending swimmer/s of not starting before the start signal.
3. If the false start is repeated, no matter if by the same swimmer or another swimmer/s the offending swimmer/s shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer/s shall be disqualified on the completion of the race. If the disqualification is declared before the starting signal, the gun shall not be fired but the remaining competitors shall be told to “stand up & stand down”, reminded of the penalties and shall start again.

For 50m swimmers the following “one start” procedure applies:

1. In the event of a false start following the starting signal there will not be a recall of swimmers. (The swimmer who infringes will be disqualified at the conclusion of the race)
2. Should a swimmer enter the water before the starting signal, he/she will be disqualified. The remaining swimmers will be told to “stand up & stand down”. (No action will be taken if a swimmer overbalances, reacting to this command)

About Carnivals

Aim

1. To provide swimmers the opportunity to compete against other clubs in a competitive environment.
2. To encourage team building and strong camaraderie within club swimmers.

Wellers Hill State School Amateur Swimming Club is a competitive club dedicated to offering competition at all levels. When swimming for the club, we ask that Weller Hill caps be worn.

Please read the following carefully and you will understand how the carnivals work.

3 Way Meets

Three clubs come together to compete against each other at the Wellers Hill pool or away at another pool. Each club is only allowed 2 swimmers per event. The three clubs compete for points and, unless disqualified, every swimmer receives a point. At the end of the event the points are tallied and the club gaining the most points wins. Each club receives a trophy appropriate to their placing.

Dates for Carnivals for 2021/22 are:

Saturday Dec 4th – Southside Friendly

Saturday March 15th – Jubilee Shield

Wellers Ratz would like to host 2 interclub Swim events one in November 2021 and one in February 2022. These will also be Saturday events and open to all. Confirmation pending.

Criteria for 3 way meets:

“A” GRADE

The first and second swimmers in each age group and in each stroke are chosen to swim. If one of these swimmers are unavailable to swim, a third swimmer is chosen.

“A” GRADE RELAY

First, second, third and fourth swimmers in respective strokes make up the relay team.

“B” GRADE

The third and fourth swimmers are chosen and, if they are unavailable, the fifth swimmer is chosen.

“B” GRADE RELAY

Third, fourth, fifth and sixth swimmers make up the team relay.

SELECTION

The Head Coach chooses the teams for all 3 way meets. The swimming times from Club Nights and times recorded by the head coach from self-nominated swim meets are brought together to choose the best team possible for either an A Grade or B Grade meet.

Brisbane Swimming Association (BSA)

BSA is the governing body for the Brisbane Metropolitan Area of swimming clubs. BSA hold swim meets over the season where all the swimming clubs in the Metropolitan Area compete against each other.

Swimming Queensland (SQ)

Swimming Queensland is the State body for swimming clubs. SQ holds various swim meets over the season that tend to be orientated towards the better swimmer. SQ holds the State Championships.

More information about BSA & SQ meets are posted on the following sites:

* 9yo includes 50m and 25m free as club rules changed in 2016

All records were set using age up rules at the time.

Current age up rule is age on block.

Pool records are those set by NON club members (boo!). Where none is listed the club record is the pool record.
